***HEALTHCARE***

Billings is home to two-state -of-the-art hospitals, Billings Clinic and St. Vincent Healthcare. Billings Clinic, a member of the Mayo Clinic Health Network, and St. Vincent Healthcare were recently awarded by Health grades for excellence in patient safety. These hospitals are the largest employers in the community and the state.

***REGIONAL HEADQUARTERS***

Low labor costs and low effective tax rates makes Billings an ideal location for this industry sector. ***DATA CENTERS & IT SERVICES***

Billings offers a very safe and reliable geographic location for housing data. Located on a major fiber optic route that runs from Minneapolis to Seattle, Montana's internet speeds are as fast as (or faster) anywhere in the nation. The investment put into fiber allows the state to embrace next generation technology and significant growth in the technology sector.

***MANUFACTURING***

With extremely competitive natural gas prices and access to a population of over 10 million within a day's drive, Billings is a great place for manufacturing value-added food products, machinery and equipment, chemicals and plastics.

***WAREHOUSING***

Located a day's drive from Denver, Calgary, Salt Lake and Spokane, Billings is well positioned as a warehousing and distributing hub. This industry continues to grow with FedEx Ground constructing a 146,000 sq. ft., \$38 million dollar facility and local companies expanding like Gardner Distributing and new manufacturing companies like Insulation Snakes. Billings is also home to a number of specialty trucking and logistics companies.
